SCRABBO TOWER / STRANGFORD LOUGH

Regent Park

Sitting proudly on the northernmost tip of the rolling Strangford Lough landscape, Regent Park is another prestigious member of the growing family of outstanding move-in-ready houses from Hilmark Homes.

A mere 10 miles from the heart of Belfast on the Ards Peninsula, we've created a unique development that allows you to seamlessly balance career, family and recreation for the very best of Northern Ireland living.

It's the exceptional mix of quality build and traditional living in a highly desirable location that lifts Regent Park far above the rest.

Surrounding Area

Overlooked by the iconic Scrabo Tower and only minutes from unforgettable settings such as the UNESCO world heritage site Mount Stewart and Grey Abbey, home to world class antique shops, Newtownards is a large town with a little bit of everything.

Enjoy the peaceful solitude as you walk along the shores of Strangford Lough, join the crowd and cheer on the local rugby, cricket and football teams or meet family and friends at one of the many restaurants, bars and pubs.

And with a wealth of shopping, excellent schools and historic churches, there's something to make everyone feel right at home.

HILMARK HOMES

Every Regent Park home is designed to blend naturally with its environment and complement the surrounding architecture.

Featuring truly unique designs, your future home is constructed by skilled local craftsmen using carefully selected materials. We carefully consider every element in each new home. Hilmark Homes encourage you to truly make your home your own by adding your personal touch to the finished design from our style and refine range.

With Hilmark Homes we promise your new home will always be unique, always considered and always built for you.

- Boundary Fencing to side and rear gardens

Harnessing Solar Power for Energy Efficiency

Solar Power.

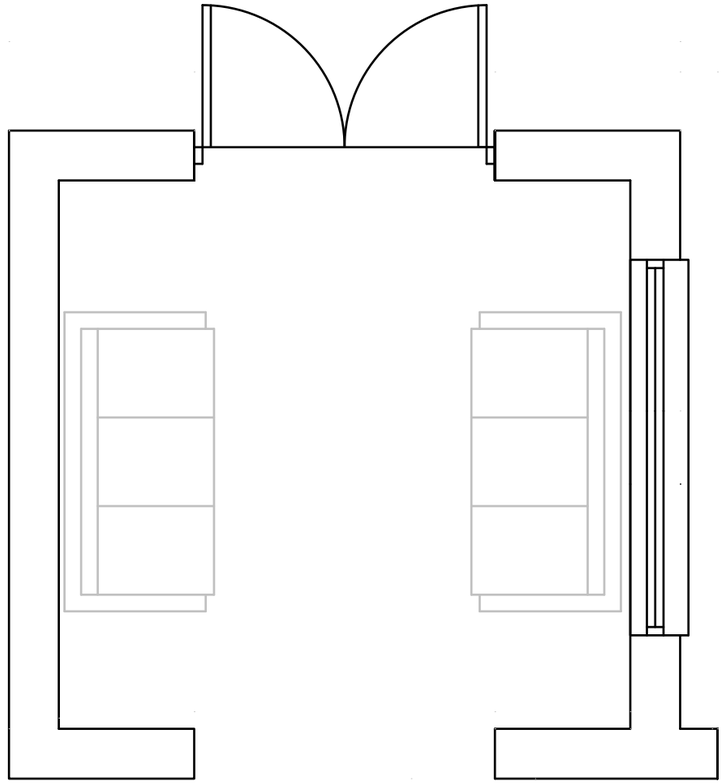

Homes at **Regent Park** include solar panels as a standard feature. These panels capture energy from the sun and convert it into clean, renewable electricity that can be used to help power your home.

The panels are positioned to suit the orientation and layout of each property, helping to maximise exposure to sunlight. This thoughtful placement supports greater energy efficiency, can help reduce electricity costs, and contributes to lowering your home's environmental impact.

Optional Extras

Garden Room*

With porcelain tiled floor, radiator, power sockets and TV point. Recessed LED down lighters to ceiling. Double patio doors to rear garden

**** Where applicable on selected sites - please refer to the selling agent and site map***

Note: Garden room drawing is for illustration purposes only, door & window layouts may vary
